- 3) In your smaller group, everyone will share the items they chose to save.
- 4) As a group, think of how you would use the items that each person has on the island to survive.
- 5) Write the multiple ways your group would use the items and share out.

DESERTED ISLAND

- Why was the item that you brought to the island important to you?
- What did you learn about some of your peers?
- Based on what items your group members brought to the island, did you have anything in common?
